

## Dies Irae

Arrayan Path

Always, when you're dying in your Hell  
Remember well, Remember well  
Always, that you brought this on yourself  
To die in Hell, within my Hell

A fear inside

Always, when you're melting in your lust  
Just remember the sins of your past  
Cause I, I have come here to collect  
And you God is not around

Lately, He's never around

Dies Irae  
I sometimes hear Her  
Oh how they fear Her  
Silence is forever  
Pain is when She's nearer  
Pay the price  
On Dies Irae

Souls all across the universe  
Men who failed, who have loved and lost  
What they didn't understand  
There's no such thing as a second chance

God sends you war  
So that you can cherish peace  
The Devil sends Her  
To make sure you never find it
