

# The Liberation Song

Arrayan Path

It was the start of communist scheme  
a vision of equal division  
to change the world, give a hand to the poor  
a classless society

But did it succeed? How can it be?  
Where is the freedom we long for?  
I'm just a man, and what could I say?  
I search for a different world

Safely surrouding with grace  
this world of illusions ( safely surrounding with grace this wo  
rld of illusions )  
Need to feel the power within my heart ( Need to feel my heart  
)  
It's a place I belogn...

OFTEN THE NIGHT OFTEN THE DAY  
OVER THE LIES AND THE DECAY  
OFTEN WE SAIL INTO A SEA OF DESPERATION  
OFTEN THE NIGHT OFTEN THE DAY  
OFTEN TO GOD OH I PRAY  
TO GIVE ME LIGHT AND RELIEVE THE DAMNATION

It's a place I belong...

This land of ice glows in the dark  
sending a message to all of us  
crystal the night, crystal the day  
Oh let our people go free

Safely surrouding with grace  
this world of illusions ( Safely surrouding with grace  
this world of illusions )  
Safely surrounding again this world of illusions and it's time  
to break free...

It's a place that I belong....
