

Demure

ArrDee

Stop calling me cutesy, I ain't demure
Light ting, brown ting, baddie galore
She ain't never been to my addy before
One kiss, now the bad b catty for more

Stop calling me cutesy, I ain't demure
I need few tings, can't pick, not sure
Top quality coochie, slide in it raw
Bad girl, but she leave boujee at the door

Stop calling me cutesy, I ain't demure
Light ting, brown ting, baddie galore
She ain't never been to my addy before
One kiss, now the bad b catty for more

Stop calling me cutesy, I ain't demure
I need few tings, can't pick, not sure
Top quality coochie, slide in it raw
Bad girl, but she leave boujee at the door

My Asian ting love sending me great attachments
Her face attractive
But change her actions
Waist on snatch, her waist abandoned
But how you gonna come disgrace the mandem?
The girl complain I'm way too handsome
But more time, that's how it's gonna be
No half-hearted, love me properly
Take ya chance, roll dice like Monopoly

Said my Naija girl wanna whine out
In so deep, couldn't climb out
Dad can't find out
So naughty, need a time out
She know when I'm 'round
Getting way more than five rounds

I'm all about time in
Wrist watch shining
Why she watch me, then chime in?
Two besties, two-timing
Talking 'bout first timing
Girl, stop lying and-

Stop calling me cutesy, I ain't demure
Light ting, brown ting, baddie galore
She ain't never been to my addy before
One kiss, now the bad b catty for more

Stop calling me cutesy, I ain't demure
I need few tings, can't pick, not sure
Top quality coochie, slide in it raw
Bad girl, but she leave boujee at the door

Of course
Big dog hitting hot on all fours
His girl getting lit on the bus, we on tour

Didn't she? Ain't really in love, I'm not sure
Wonder if she's cheating
Durr
Better charge it, life ain't fair
I'll spin it like Target
Don't get scared
Think 'cause I'm an artist that it can't get there—you're weird

What, what, see me south side on my Jack Jones
Top, top, gimme one time and then dash home
Chop, chop, see the black car and walk fast, ooo
Stop, stop, b, I'm not taking you Nando's
Girl said take me out
One meal, leave out back road making out
PDA bae, don't make a sound
Ha, my ex tings all hate me now, it's crazy

Stop calling me cutesy, I ain't demure
Light ting, brown ting, baddie galore
She ain't never been to my addy before
One kiss, now the bad b catty for more

Stop calling me cutesy, I ain't demure
I need few tings, can't pick, not sure
Top quality coochie, slide in it raw
Bad girl, but she leave boujee at the door

Stop calling me cutesy, I ain't demure
Light ting, brown ting, baddie galore
She ain't never been to my addy before
