ArrDee

I'm a different person  
(I'm different, I ain't like these other women)  
I'm a different person

I'm a different person  
She keeps saying I'm different, I ain't like these other women  
Ahh  
If she's lying, I'm still in  
Nah, there ain't no other guy she's feeling cuz  
I'm a different person  
On this side she's winning  
Baby girl bad, been sinning  
Made my head spin and she  
Turn my world around

If looks could kill she's killing  
Got the wet wet and I'm swimming  
Shawty saw champagne spilling  
She saying she's diff  
I don't care if she is  
No knicks  
See the pussy through the linen  
She know the whole team get it in  
I wonder if she's gonna let the whole team get it in  
Miss Independent, don't need anything  
She don't want a husband, we ain't got rings nah  
She said she's got a thing for cheating  
These world tours open up your mind, you see things  
Ain't no good girls, they just need reasons  
It's a cold world but my heart's freezing  
She likes time pieces and loves scheming  
She likes dealers or man that get p's in  
And she don't ever give it up easy  
Just for the rappers and ballers she's freaky

I'm a different person  
She keeps saying I'm different, I ain't like these other women  
Ahh  
If she's lying, I'm still in  
Nah, there ain't no other guy she's feeling cuz  
I'm a different person  
On this side she's winning  
Baby girl bad, been sinning  
Made my head spin and she  
Turn my world around

And I love bad girls, I love trouble  
And she's got it all, D's doubled  
Made this D Double  
Now I gotta readjust  
Telling her to keep it hush hush  
But I gotta a crush  
Tryna make her blush  
While her fella looks fucked  
She wanna level up  
And I'm the level up  
She never get enough

He never get her wet enough  
And we ain't letting up  
No we ain't running out  
No doubt  
Clout make your bounce to me  
Hang round with me, make it spin round for me  
Cuz I got pounds pockets looking well pretty  
I don't care, Imma pay for her nails silly  
They look better when she grip it going down for me  
Undoubtedly this one's different  
I ain't tryna trip, she don't need her head bigger  
Uh, she only want me go figure  
She ain't meeting anybody that's litter cuz

I'm a different person  
She keeps saying I'm different, I ain't like these other women
