

Heavyweight

ArrDee

I ain't stopping till I'm dead cuz I'm a heavyweight
I left my problems at the door and I'm sure that I can rest when I see heavens gates
See when it's messy I can meditate
I love it more when I'm caught up and it's raw then when I'm setting straight

Course I'm a heavyweight I pour something everyday
I come ready for war I never came to play
We kicking off the door of the enemy
Raising up the floor and make you levitate

Heavyweight
Renegade
Step inna de place
Mind we step inna your face
Set it straight
We ah nuh featherweight
If them try a ting them get regulate

Heavyweight
Renegade
Step inna de place
Mind we step inna your face
Set it straight
We ah nuh featherweight
If them try a ting them get regulate

Of course I'm a heavyweight
Of course I'm a heavyweight
Of course I'm a heavyweight
If them try a ting them get regulate

They can try it if they want but I ain't playing round
I'm going round for round and I ain't throwing in the towel
We shut it down, got a problem you can shut your mouth
Know what I'm about
Money party pussy chicks and girls
Heavy weight
I never cared and I won't ever changed
I'm all about tonight and never yesterday
I'm never coming down I'm bout to elevate
And if you dunno how let me demonstrate

Of course I'm a heavyweight
Of course I'm a heavyweight
Of course I'm a heavyweight
If them try a ting them get regulate

Heavyweight
Renegade
Step inna de place
Mind we step inna your face
Set it straight
We ah nuh featherweight
If them try a ting them get regulate
