

# Forfeit

## Arrows In Action

Sleeping on the floor, I'm empty  
And I don't have the time to kill  
Empathy has lost its luster  
And my lies turn still  
I can love until you hate me  
And let the love turn into spite  
Out of sight and out of body  
I'm out of mind

I tore my words apart  
Burned every letter of my name  
I loved as hard as I could  
Thinking I would cheat the game  
Empty rooms and angry spaces  
Left me with nothing but traces  
Of what I thought was love  
But turned out to be bitter after

I believe in second chances  
And I used to believe in hell  
But now I don't believe in nothing  
Too hard to tell  
Knew me, will me, and ya knew me  
Forfeit all your hearts to me  
All in all the games are drum  
In revelry

I tore my words apart  
Burned every letter of my name  
I loved as hard as I could  
Thinking I would cheat the game  
Empty rooms and angry spaces  
Left me with nothing but traces  
Of what I thought was love  
But turned out to be bitter after

Here for what you had  
But I'm the one left to blame  
You were just a drag  
A cigarette for the brain  
You were all I had  
The needle inside my vein  
You were just a drag  
A cigarette for the brain

I tore my words apart  
Burned every letter of my name  
I loved as hard as I could  
Thinking I would cheat the-

I tore my words apart  
Burned every letter of my name  
I loved as hard as I could  
Thinking I would cheat the game  
Empty rooms and angry spaces  
Left me with nothing but traces  
Of what I thought was love

But turned out to be bitter after
