

Made For This

Arrows In Action

Cover your eyes
So I can catch you by surprise
Retell all of my old lies
So I'll know who I am

Try to have fun
Came to find that everyone
Has just been singing the same songs
With no patience or peace

Wasting my days counting down the seconds
The years they go by leave me second guessing
Maybe they'll love me when I finally get out of this town
Tired of holding myself back for no good reason
Been asking these questions that have no meaning
What was I made for if I wasn't made for this now?

Sit back and pout
Organize all your self doubt
Try to dial in the sound
A sweet cadence begins

Put on a show
Try to outshine my shadow
Hope I don't end up hollow
All over again

Wasting my days counting down the seconds
The years they go by leave me second guessing
Maybe they'll love me when I finally get out of this town
Tired of holding myself back for no good reason
Been asking these questions that have no meaning
What was I made for if I wasn't made for this now?

The come up's a let down
Settin' fire to my crown

So what's left to do?
Maybe get a new tattoo
Rewrite all of my old rules
To get me thinking straight

I'm a mile away
But inching closer every day
To figure out what I could say
To put a smile on your face

Wasting my days counting down the seconds
The years they go by leave me second guessing
Maybe they'll love me when I finally get out of this town
Tired of holding myself back for no good reason
Been asking these questions that have no meaning
What was I made for if I wasn't made for this now?

The come up's a let down
Settin' fire to my crown
The come up's a let down
