

Permanent Vacation

Arrows In Action

Waking up dead in a different time zone
Lost my shoes and I can't find my phone
Whoa-oh-oh, whoa-oh-oh
(Far from home, not alone)

I caught my flight
Touchdown, red eyes
Spent every night
Awake in beds that weren't mine
Had no money
Dumb and naive
I found my peace
In places I had never been

Waking up dead in a different time zone
Lost my shoes and I can't find my phone
Whoa-oh-oh, whoa-oh-oh
(Far from home, not alone)
I'm locked and loaded, fire away
Permanent vacation from my brain
Extend my stay another day
(Far from home, not alone)

It rained all day
No choice but to stay
Too broke to pay
My way back home
No cards, no car
Happy thus far
In parks and bars
I fall asleep alone again

Waking up dead in a different time zone
Lost my shoes and I can't find my phone
Whoa-oh-oh, whoa-oh-oh
(Far from home, not alone)
I'm locked and loaded, fire away
Permanent vacation from my brain
Extend my stay another day
(Far from home, not alone)

Maybe I'll stay
And waste away
Maybe I'll stay
And waste away
Maybe I'll stay
And waste away
Maybe I'll stay
And waste away

Waking up dead in a different time zone
Lost my shoes and I can't find my phone
Whoa-oh-oh, whoa-oh-oh
(Far from home, not alone)
I'm locked and loaded, fire away
Permanent vacation from my brain
Extend my stay another day

(Far from home, not alone)
