

Happy Birthday

Arsenium

Even in my dreams
Even in my songs
I got you baby
Every time I picture you by my side
I need you now
I need you

Refrain:

Happy Birthday to me
Happy Birthday to me
I try to smile but
All the time I get you on my mind
And all I can wish myself
Is Happy Birthday
I need you
I need you

I put the music on
And play your favorite song
I miss you so
And even if my friends
Are here for me
I feel so alone

I wait for you at home
Are maybe just a call
To hear my soul
There is no one in this world
I need more
Than I need you
I need you

Refrain:

Happy Birthday to me
Happy Birthday to me
I try to smile but
All the time I get you on my mind
And all I can wish myself
Is Happy Birthday
I need you
I need you

Bridge

Happy Birthday to me
Happy Birthday to me
Happy Birthday
Happy lonely Birthday
Happy Birthday to

Refrain:

Happy Birthday to me
Happy Birthday to me
I try to smile but
All the time I get you on my mind
And all I can wish myself
Is Happy Birthday

Happy Birthday
Happy Birthday
Happy Birthday to me
I try to smile but
All the time I get you on my mind
And all I can wish myself
Is Happy Birthday
