

I'm giving up

Arsenium

If you leave me baby,
Come to say goodbye,
Looking deep into my eyes
You can leave me baby,
I will be ok
Stay just one more day

I'm giving up...
I'm giving up...
I'm giving up...

If you leave me baby,
Come to say goodbye,
Looking deep into my eyes
You can leave me baby,
I will be ok
Stay just one more day

I'm giving up
How should I forget you?
Should I ever let you
Look into my eyes?
I'm giving up
Our love is over,
We are getting colder

I'm giving up...
I'm giving up...
I'm giving up...

I'm giving up...

I'm giving up
How should I forget you?
Should I ever let you
Look into my eyes ?
I'm giving up
Our love is over,
We are getting colder

I'm giving up...
I'm giving up...
I'm giving up...
