

# Millions

Arsenium

Million of times you cry  
Million of times you smile  
Baby, baby, tell me why  
Everytime it is a lie.

II:

A million of girls can touch,  
A million of boys that watch  
Millions of boys and girls together  
Swear their love will last forever.  
Millions of days and nights  
Millions of boys and girls say lies  
Baby, tell me why do you lie?  
Everytime you seem to cry.

Refren(2x):

You are, you are lying  
Always keep on crying  
You are, you are lying  
You are, you are lying...

III:

A million of times I need you  
A million of times I'll hld you  
Baby, say me no more lies  
I love you million of times.
