

# Smile to me

Arsenium

I wanna dedicate all the words of my song  
to the girls who need love, to the girls who feel alone.  
And I'll bring you to the moon and stars,  
Take you to the planet Mars,  
Baby give me one more smile,  
I'll press the button and we'll fly.

I:

Do you feel my heart is beating ?  
If you touch me you may feel it.  
Can you hear my words are freezing ?  
Maybe give me your smile  
Give me, give me honey kisses  
And I'll give you sugar whispers  
Dry your eyes and let me squeeze you  
Take my endless love.

Smile to me one more time...(4x)

Refren(2x):

Smile to me, smile to me  
And I'll bring you to the moon and stars,  
Take you to the planet Mars,  
There we'll be happy  
Smile to me one more time  
Promise me you'll never cry  
If you cry I'm gonna die  
With your tears in my eyes.

II:

Baby, tell me what you feel  
Do you feel my love is real ?  
'Cause I feel I'm gonna die  
Cannot live without your smile  
You're my love, I don't know why  
My heart won't ever recover  
I could sacrifice my life just for you, I'm gonna smile  
Baby, give me just one thing  
And I'll give you everything  
My love, my heart, my soul  
My whises, my dreams, take my all  
Baby, honey, don't you cry  
Dry your eyes and start to smile  
Only if you gonna try  
Press the button, I will fly.

III:

I will move the Earth and Heaven only to get to your heart  
Nobody can never stop me  
I can not live without your smile.  
When you smile I feel so happy  
Makes me fly away so high  
We cand breathe one love together  
Give it to me one more time.

Smile to me one more time...(4x)
