

A Pulse Keeping Time with the Dark

Arsis

The absolute end of the world, in life, transparent
A pulse keeping time with the dark
Cruelty will now inherit
Like the breath and the hex of the sorceress
The crosses turn
Towards the grave and the shade to coalesce
With art of ill-turn
The one bound by cigarette burns
Preying eyes follow along
Screaming for blood and bleeding for song
Preying eyes follow along
Screaming for blood and bleeding for song
Bleeding for song
Bleeding for...
The absolute end of the world
In life, transparent
A pulse keeping time with the dark
Cruelty will now inherit
And hate will become silhouette
Against the idol shroud
Evil, too much to regret
Will please the crowd

Preying eyes follow along
Screaming for blood and bleeding for song
Preying eyes follow along
Screaming for blood and bleeding for song
Bleeding for song
Bleeding their young
