

Awkward Breakfast

Art Brut

An afternoon wasted
Making myself look sharp
To stand around in
The smoke and the dark
It's amazing how quick
It all comes back to me
Kissing girls with
Muscle memory

How did I get here?
It happened so fast
I've woken up to
An awkward breakfast

I'm no good at
One night stands
A slice of toast
With my head in my hands
I'm not sure what
I'm supposed to do
Half a cigarette
And I'll see you soon

I don't know how I got here
It happened so fast
I've woken up to
An awkward breakfast
How did I get here?
And how long will it last?
I've woken up to
An awkward breakfast

I said, "It's too soon"
"There's not been enough time"
She said, "We can
Go to your apartment, not mine"
I don't need this heartache
I just want some Corn Flakes
Last night you were bein' rude with me
Now we're eatin' bowls of misery

How did I get here?
It happened so fast
I've woken up to
An awkward breakfast
How did I get here?
How long will it last?
I've woken up to
A very awkward breakfast
