```
I know what you've all been thinking
I know what you've all been thinking
You've had to put in the hours
I was born with special powers
ESP is good for me
ESP is good for me
ESP is good for me
I am the psychic
There's no point in whispering
All your secrets, I can hear them
I've seen every scene you're in
I've seen every sin you sin
ESP is good for me
ESP is good for me
ESP is good for me
I am the psychic
Second guessing is doing your head in
I am the psychic
```

I am the psychic
