

Fallout

Art Nation

Reach out and take control
Just trying to be strong
So we're holding on
Let's see what we can do
When we reunite the truth

Because we're the ones who takes us higher, with no regrets
Just remember we'll meet here again

So we learn from broken ways
To ensure you find the way
Fallout now, now
Yeah I know we're not too late
To ensure we'll find the way
Fallout now
Trough this storm we'll find ourselves

In the silence shadows made
Our bond begins to fade
Can you feel it now
Though the darkness we will rise
I can see it in your eyes

Because we're the ones who flying higher, with no regrets
Just remember we'll meet here again

So we learn from broken ways
To ensure you find the way
Fallout now, now
Yeah I know we're not too late
To ensure we'll find the way
Fallout now
Trough this storm we'll find ourselves

So we learn from broken ways
To ensure you find the way
Fallout now, now

So we learn from broken ways
To ensure you find the way
Fallout now, now, fallout now
Yeah I know we're not too late
To ensure we'll find the way
Fallout now
Trough this storm we'll find ourselves
