

Wage War Against The World

Art Nation

Too long I've been hiding my face
Waiting for you every step of the way

You know that I want to
I just can't shake it out of my head

Wage war against the world
I'm gonna let it burn, let it burn
I'll take back what was yours
You will get just what you earn
Wage war war against the world
I'm gonna let it burn, let it burn
For when the tables turn
We'll see what you have learned

Too long you've been crossing my ways
I gotta let you know
Too many times I've been counting the days
I've got to let it go

You know that I want to
I just can't shake it out of my head
You know that it's time to
Make way for the new rain instead

Wage war against the world
I'm gonna let it burn, let it burn
I'll take back what was yours
You will get just what you earn
Wage war war against the world
I'm gonna let it burn, let it burn
For when the tables turn
We'll see what you have learned
