

## In This Together

Art vs. Science

All of this light  
In all of these people  
Caught in confusion  
Caught in the middle  
You and I are floating through the night around a star  
In this together  
With arms out wide, she cries, "we are, we are, we are  
In this together"  
In this together  
You and I are floating through the night around a star  
In this together  
Her arms out wide, she cries, "we are, we are, we are  
In this together"  
Now, we need to dance  
No time to think  
Just music, just music, just music  
Now, we need to dance  
No time to think  
Just music  
Damn, I feel so close to you  
I'm feeling something

(In this together)  
Her arms are open wide  
She cries, "in this together"  
(In this together)  
All of this mess  
And no-one is steering  
Nowhere to run to  
Makes you wanna shout  
Damn, I feel so close to you  
I'm feeling something  
(In this together)  
Her arms are open wide  
She cries, "in this together"  
(In this together)  
Damn, I feel so close to you  
I'm feeling something  
(In this together)  
Damn, I feel so close to you  
I'm feeling something  
(In this together)  
Her arms are open wide  
She cries, "in this together"  
(In this together)
