

Highlife

ARTAN

She just wanna live the high life, she don't want no Five Guys
London's full of bright lights, looking for the nightlife
We can watch a movie, roll a little zoobie
Kick it in an AP, she can see right through me
Cause she just wants the high life, we don't want no Five Guys
London's full of bright lights, bill it for the right price
My life's a movie, let's hit the West End
If you bring your best friend we can get to sexing

She wanna fuck me in my city, she telling me no lies
Come around baby, you can come around, we can get it on
Switching positions, she tell me it's all mine
Roll some loud baby, I know it's not allowed but I'll pay the fine
My drip too crazy yeah, let's go to Crazy Bear
Or we can hit up Ivy Asia cause it's wavy there
I might just throw you in a cab, it's getting late in here
She's getting frisky, on her way so we can take it there
All up in Nobu, I be touching on her thighs
Don Julio with ice, she ready I can see it in her eyes
She said "Can I stay for the night?"
Room up in the sky and fuck her while she's facing city lights

She just wanna live the high life, she don't want no Five Guys
London's full of bright lights, looking for the nightlife
We can watch a movie, roll a little zoobie
Kick it in an AP, she can see right through me
Cause she just wants the high life, we don't want no Five Guys
London's full of bright lights, bill it for the right price
My life's a movie, let's hit the West End
If you bring your best friend we can get to sexing

She really a baddie and I swear to God she knows it
She's just the type to make me get the bag and blow it
Yeah she got no censor and she boujee and she freaky
Spending all this money, hope it's worth it when you see me
But really I'm never sober, maybe I'll just get to know you
I'm hitting it when it's over, get in her sheets and bend it over
We pour a couple and the Henny gets a hold of me
This girl just wants to take it off for me

She just wanna live the high life, she don't want no Five Guys
London's full of bright lights, looking for the nightlife
We can watch a movie, roll a little zoobie
Kick it in an AP, she can see right through me
Cause she just wants the high life, we don't want no Five Guys
London's full of bright lights, bill it for the right price
My life's a movie, let's hit the West End
If you bring your best friend we can get to sexing
