ARTAN

Oh Mary
Oh Mary
Oh-oh-oh
Yo

See I'm waiting for my sign cause I'm a zodiac
I've never hit the road in black
I've noticed that I practice what I preach so I can know these facts
So when I touch a beat you cannot hold me back
I'm skipping on a beat in studio I've got my rope in hand
Don't tie it to the roof cause you'll encourage me
It's not me, it's just my mind that changes suddenly
And I'm feeling I should roll myself another tree
And maybe that's the reason chicks won't fall in love with me
I really wanna get into the sheets with you
When I'm feeling low I wanna be with you
Every time we link I wanna eat some food
I'm rolling in my whip and all I fantasise is us
I'd even fly to Amsterdam to show you this is love
And even though you smell, I know that nobody is perfect
Your size don't really matter, you're still dank, that's why you're worth it
You really helped me out when I was down and I was hurting
I know I'll see you everyday this year and that's for certain

So come fly with me
Mary come get high with me
I need you here by my side with me
Cause now I'm feeling lost, lost, lost, lost, lost
So please come and fly with me
I need you by my side with me
Cause now I'm feeling lost, lost, lost, lost, lost

I know that you ain't Class A
Can't believe I met you at a party
Back when I was young and feeling naughty
I had to call my ex or she'd try stop me
Maybe love is not my forte, you grind on me for foreplay
But why you being so blunt with me?
Is it cause my blunt's with me?
You've always had a crush on me, so what's with the atrocity?
I think we need some space apart
You've been in my face a lot
Now I'm at the club I wanna taste Ciroc
I don't think my night's gonna end with you, cause vodka and bud doesn't mix
with you
I might change my mind if I sober up
But I just bought a round and it's ten to two
I don't want you near me, even if you're here I get teary, and when you're f
ar gone I get weary
I don't think we're meant to spend time like this, but if it weren't for you
I probably couldn't rhyme like this

So come fly with me
Mary come get high with me
I need you here by my side with me
Cause now I'm feeling lost, lost, lost, lost, lost
So please come and fly with me

I need you by my side with me
Cause now I'm feeling lost, lost, lost, lost, lost

Oh Mary
