

# No Sleeping

ARTAN

So I'm out with the G's  
Lied in my jeans  
Said she's loving the drip  
It's a figure of speech  
Brought her numerous trips  
And it's still in one piece  
I just looked at your drip  
It say's Canada Geese (Ha)

I'm high, I'm leaning  
Everyday catch highs not feelings  
I got bro's upstairs in the clouds  
So my hearts stone cold, it's freezing  
Thank fuck, I'm breathing  
I might spend some cash no reason (no reason, no reason)  
So I'm up late night, no sleeping

I just lost bro and it's feeling like [?]  
Bailiffs kept knocking on the door  
Had to really get up and get on my grind  
Blessed I'm not sat in a station  
There was so many routes I could of taken  
I got people around me that's [?]  
Call me bad with the numbers, I'm Asian

So I'm out with the G's  
Lied in my jeans  
Said she's loving the drip  
It's a figure of speech  
Brought her numerous trips  
And it's still in one piece  
I just looked at your drip  
It say's Canada Geese (Ha)

I'm high, I'm leaning  
Everyday catch highs not feelings  
I got bro's upstairs in the clouds  
So my hearts stone cold, it's freezing (Brrrr)  
Thank fuck, I'm breathing  
I might spend some cash no reason (no reason, no reason)  
So I'm up late night, no sleeping

Hard to forget her, I added her snap  
First I undress her, then tell her my plans  
Under some pressure, can't be raving  
Papa's still hustling, thinking of ways to bring money in  
And my thoughts are all troubling  
And my spending is worrying

Flex for the gram it could never be me  
[?] If I don't leave her, I'll never be free  
Know that there's plenty of fish in the ocean

Issues with friends, I'm hoping I solve it

So I'm out with the G's  
Lied in my jeans

Said she's loving the drip  
It's a figure of speech  
Brought her numerous trips  
And it's still in one piece  
I just looked at your drip  
It say's Canada Geese (Ha)

I'm high, I'm leaning  
Everyday catch highs not feelings

So my hearts stone cold, it's freezing (Brrr)  
Thank fuck, I'm breathing
