

## Weirdo

ARTAN

Feeling like I'm broken but I don't know if I am  
I'm wondering if I been going crazy  
Cause I been smoking all day  
Wish somebody will come help me  
I can't pass the time  
And I don't know if it's healthy  
I got things going on  
I don't know how but still I'm holding on  
I wonder if I'll be devoted to you  
Babe I might be wrong  
Now I'm smoking on the Cali pack  
All this weight from past commitments, gotta carry that  
And yeah I tried so hard to get rid of that  
And yeah I smoke too much but it isn't that

People are all weirdos  
And they're all undercover  
Why don't you be my best friend  
And we'll be weird together?  
I spend a lot of time with Mary and you  
We're getting high sometimes  
We're getting high sometimes  
Just for the view

Ice around my neck  
I know that you said I look better frozen  
Nicer when your neck's on freeze  
[?] on my enemies  
And I got this all for you  
And I can't believe it's all so true  
I got some 41 packs on me  
And yeah I bun a lot cause they turn their back on me  
But yeah yeah  
Still I'm a weirdo  
But when I'm with you I don't think I'm crazy  
If you're a keeper then I'll let you save me  
We're living in the sheets so you would think we're lazy  
But it's alright, it's alright  
Baby can you pass the light, pass the light  
Think you got the best of me  
Cause my brain is always telling me that

People are all weirdos  
And they're all undercover  
Why don't you be my best friend  
And we'll be weird together?  
I spend a lot of time with Mary and you  
We're getting high sometimes  
We're getting high sometimes  
Just for the view
