

alone....

Artemas

Can I tell you a secret?
I just kind of feel alone
I just kind of feel alone
I just kind of feel alone

You were the one I'm still trying to replace
Years go by it's harder to let go
These days I don't even bother chasing
No chaser (I'm wasted)

Feel like
Cobain
When I'm
Stressed out
Feeling
Depressed now
Now I
I walk this earth all by myself

Can I tell you a secret?
I just kind of feel alone
I just kind of feel alone
I just kind of feel alone

Feel like
Cobain
When I'm
Stressed out
Feeling
Depressed now
Now I
I just kind of feel alone

I just kind of feel alone
I just kind of feel alone
