

(Caroline)

Caroli-i-ine, you should break up with your girl  
For the ni-i-ight, let me fucking rock your world  
And you try (Try), and I'll try (Try)  
For tonight, let me fucking rock your world  
Caroli-i-ine, you should break up with your girl  
For the ni-i-ight, let me fucking rock your world  
And you try (Try), and I'll try (Try)  
For tonight, let me fucking rock your world

I'm tied away, I like it when you ride my face  
Just like the way you ride her face  
Problem is I like the taste, you like this pace  
You like these scars, pictures of a broken heart  
Love it when you mix the pain  
Showing off your tiny waist

Caroli-i-ine, you should break up with your girl  
For the ni-i-ight, let me fucking rock your world  
And you try (Try), and I'll try (Try)  
For tonight, let me fucking rock your world  
Caroli-i-ine, you should break up with your girl  
For the ni-i-ight, let me fucking rock your world  
And you try (Try), and I'll try (Try)  
For tonight, let me fucking rock your world

You don't have to tell me, I can feel you getting close  
You can try and mouth-to-mouth since you took off your clothes  
Nervous but you like that  
I can tell you're hidin', but I like that  
(Caroline) You don't have tell no one, you tell 'em anyway  
You think that I'm famous when you're screaming out my name  
(Caroline) Cheater, but you like that  
Darling, you're a cheater, but I like that  
(Darling, you're a cheater, but I like that)

Caroli-i-ine, you should break up with your girl  
For the ni-i-ight, let me fucking rock your world  
And you try (Try), and I'll try (Try)  
For tonight, let me fucking rock your world  
Caroli-i-ine, you should break up with your girl  
For the ni-i-ight, let me fucking rock your world  
And you try (Try), and I'll try (Try)  
For tonight, let me fucking rock your world
