

control yourself

Do you like when I say your name?
Does it make your body safe?
When I look into your eyes
But there's nothing there to save
And I still want you either way

You know what you're doing with that tight dress on
Pressed against your body with no panties on
Started breathing on me and it felt so wrong
Started touching on me and it felt so wrong

But I don't even know you, girl, control yourself
I'm tryin' not to give in, but I know myself
I know I shouldn't trust you, but I want to
Yeah, I want to, and I want you
Can't even remember how I know you, girl
But, still, I'm gonna hit it like I own you, girl
You know you shouldn't touch me, but you want to
Yeah, you want to, and I want you, yeah

I'm still numb from the shame
I broke my girl's heart for a taste
And she don't even know it, yeah, she's back at our place
Probably never tell her 'cause I'm too ashamed
My shame, my shame
She don't know you comin' my way, my way
Been tryin' to avoid you all day, all day
But then you make that face and I cave

Baby, when I'm with you, can't control myself
If I don't get to fuck you, won't forgive myself
If anybody asks you, you don't know me, girl, ooh

But I don't even know you, girl, control yourself
I'm tryin' not to give in, but I know myself
I know I shouldn't trust you, but I want to
Yeah, I want to, and I want you
Can't even remember how I know you, girl
But, still, I'm gonna hit it like I own you, girl
You know you shouldn't touch me, but you want to
Yeah, you want to, and I want you, yeah

Caroline

Ooh-ah, ooh-ah
Yeah, yeah
