

Fine

Artemas

There's a fine way of living, fine way to love
And the fine way of living, oh (Oh no)
One more time

There's a fine way of living, fine way to love
If I break my limits, don't you wake me up
I'll be fine in a minute, living on the westside sun
There's a fine way of living, fine way to love
If I break my limits, don't you wake me up
I'll be fine in a minute, living on the westside sun

Girl, you should see yourself (See yourself)
I know that no one else (No one else)
Could make me lose my health (Lose my health)
Like you do baby, just like you do

You got me burnin' out, up and down
Legs like spaghetti
My God, I'm freakin' out, so in doubt
Grab the confetti
I'm fully loaded now, up and down
Don't you forget me 'cause I know, yeah I know
No need for oversight, double wide
My heart is achin'
Was stuck on overdrive, double lives
Make it or break it
I'm fully loaded now, break it down
No time for fakin'
'Cause I know, yeah I know-

There's a fine way of living, fine way to love
If I break my limits, don't you wake me up
I'll be fine in a minute, living on the westside sun
There's a fine way of living, fine way to love
If I break my limits, don't you wake me up
I'll be fine in a minute, living on the westside sun

Well, 'cause I'm not into cars like your big uncle Freddy (Uncle Freddy)
I've got to hide, please don't tell Corleone (Corleone)
I'm not surprised your daddy isn't scared of me
Give it some time, I swear you'll be a friend

Got me burnin' out, up and down
Legs like spaghetti
My God, I'm freakin' out, so in doubt
Grab the confetti
I'm fully loaded now, up and down
Don't you forget me 'cause I know, yeah I know-

There's a fine way of living, fine way to love
If I break my limits, don't you wake me up
I'll be fine in a minute, living on the westside sun
There's a fine way of living, fine way to love
If I break my limits, don't you wake me up
I'll be fine in a minute, living on the westside sun
