

ride me darling

Artemas

Ride me, darling
Ride me, sweetheart, I can feel you
Fixing these scars
Fuck away the pain in your heart
Ride me, darling
Ride me, sweetheart, I can feel you
Fixing these scars
Fuck away the pain in your heart

You know, you got me tweaking every single night (Heart)
That's what I got (Heart) the (Heart) trigger right
You got this sickness in my mind last night
The sickness in my mind (Mind)
I'm getting nervous, can you tell, babe?
I'm getting nervous in myself, babe
Just put your arms around it
Just put your arms around it

Ride me, darling
Ride me, sweetheart, I can feel you
Fixing these scars
Fuck away the pain in your heart
Ride me, darling
Ride me, sweetheart, I can feel you
Fixing these scars
Fuck away the pain in your heart

Look me in the face
I'm losin' control, mmh, put your legs, ooh
Look me in the face
I'm losin' control, mmh, put your legs, ooh
Fuck away the pain in your heart
