

Runaway

Artemas

Go and get that engine started
You look like an angel tonight
You can spread your wings at this party
Runaway with me, let's run-run-away with me
Let's just runaway

This town is not what it used to be (yeah)
Can't you see the lonely faces walking down the street, yeah
If I didn't have you that's what I would be
If it wasn't for you darling I would be lonely as a

As I walk these streets would you take my hand?
We've got dreams they don't understand (understand)
24 hours we'll be on our way
I'll never get sick of that face (no!)

Go and get that engine started
You look like an angel tonight
And you could spread your wings at this party
Runaway with me, just run-run-away with me
Let's just runaway
(Yeah, let's just runaway)

Go and get that engine started
You look like an angel tonight
You can spread your wings at this party
Runaway with me, let's just runaway you see
Let's just runaway
