

slow dance

Artemas

(Slow, slow) Slow (Slow), slow, slow
(Slow, slow) Slow (Slow), slow

Come on angel, you can fly
Keep on edging me all night
You can tease me all you like
I don't mind, I won't bite, baby
She said, "Fuck me like a slut" (Slut)
Tryna impress me, doin' too much (You won't say)
I just want to fall in love
Fall in love, is that too much?

Can I take your hand?
I can be romantic, yeah
But nothing compares to when we slow dance
(Can we slow dance?)

Baby, we can slow dance (Slow)
Spin you 'round (Slow), pull your hair
Baby, we can slow dance (Slow)
Spin you 'round (Slow), pull your hair
Baby, we can slow dance (Slow)
Spin you 'round (Slow), pull your hair (Slow)
Baby, we can slow dance (Slow)
Spin you 'round (Slow), pull your hair

I said, "I love you," can I repeat? (Uh)
A couple sips and I get freaky (Freaky)
When you get drunk, you start to need me
Guess I'm too easy, I'm just too easy, yeah
Fuckin' in a taxi, that's an über nut
The driver hit the gas, he ran the meter up
I was unaware that I was 'bout to bust
I left you in the dust, I can make your heart break

Slow dance, slow da-da-dance (Slow)
Spin you 'round (Slow), pull your hair
Baby, we can slow dance (Slow)
Spin you 'round (Slow), pull your hair
Baby, we can slow dance (Slow)
Spin you 'round (Slow), pull your hair (Slow)
Baby, we can slow dance (Slow)
Spin you 'round (Slow), pull your hair

(Slow dance)
