

U don't have to tell me

Artemas

You're so distant
It's not the first time that your heart's gone missing
But I like the way you keep me guessing
Only way I'd ever learn my lesson, yeah

You don't have to tell me you love me
Just keep on touching me
That's how I know you mean it
You don't have to tell me you're bad for me
Can't keep your hands off me
That's how I know you feel it (That's how, that's how)

I think about other girls when you're not around
You think about other girls when I'm not around
Is there a solution that we still haven't found?
Do you wanna get dirty with the girl next door?
I know she likes me, but she likes you more
We could take turns on her
Would you get jealous if she made me, oh

You're so distant
All of the things I do to keep your interest

You don't have to tell me you love me (No)
Just keep on touching me
That's how I know you mean it
You don't have to tell me you're bad for me
Can't keep your hands off me
That's how I know you feel it (That's how, that's how)

Ooh-oh, ooh-oh
Ooh-oh, ooh-oh
So baby, come try me, uh
Baby, come light me up
Ooh-oh, ooh-oh
Ooh-oh, ooh-oh
