

Undead

Arthemis

There is a solid where we must control
 Fucked up reality we hate but we belong
 Killing your fate, burning your eyes
 Until the day we fall

Searching on
 Theres no salvation
 I may fight on Hate with Torn

Cause we are the Undead
 The Evil from the core
 The Bullet in your Head from the Underworld
 We are the Undead
 The dizzy Warriors
 Until the World will die, we'll drag you down

We made a World that is built to fall
 The Apocalypse will burn forevermore
 Drain for Heaven, Story for Hell
 We rise and now we fall

Cause we are the Undead
 The Evil from the core
 The Bullet in your Head from the Underworld
 We are the Undead
 The dizzy Warriors
 Until the World will die, we'll drag you down

Angry Vampires win the roads
 In our Voices wicked up
 Hollow witches follow them
 Poison Rain is coming now
 Overwhelming Parasite
 We got the right to say

We are the Undead
 The Evil from the core
 The Bullet in your Head from the Underworld
 We are the Undead
 The dizzy Warriors
 Zombies from the ancient World

We are the Undead
 The Evil from the core
 The Messengers of Hate from the Underworld
 We are the Undead
 The dizzy Warriors
 Until the World will die, we'll drag you down
