

Faster Than the Speed of Light

Arthur Brown

Your body is a mountain, a bird song at the dawn
A river wherein all may be reborn
Touch me, touch me, hold me, free me
From all that we know
Lost in wonder, deep inside
We'll make the current flow
Drawn together

Faster than the speed of light
Faster than the speed of light
Faster than the speed of light
Faster than the speed of light

And as we touch love, I am overcome
Is it me or you, this sweet sensation
Something's moving somewhere, can't you feel it
Can't you feel it grow
Singing on a wave, rejoicing gladly
Letting the whole world know
It's born forever

Faster than the speed of light
Faster than the speed of light
Faster than the speed of light
Faster than the speed of light

Oh darling, now let me say
That a love like ours doesn't come each day
But when you're here in my arms
There is no time, no place, nowhere
And you know, you make the whole world real to me
Oh you know, you know, you know
A love like ours makes the whole world into a perfect harmony
Perfect harmony, perfect harmony
Ooh, it's a perfect harmony
Darling, hold me, love me, hold me, never let me go
In your arms I feel so real
Darling, never go, perfect harmony
