

I Gotchu

Arthur Nery

Well you ain't gotta call me twice
You don't even have to wait
For me love now
You got my affection
I'm tryna be sane

She's an angel walking at night
Broken wings woulda followed the light
Mind is jaded, defeated inside
So come by
My divine

I gotchu
On my mind
Valentine
Baby my body's open
So why don't you do
Me some time
Read the lines

Baby my body is open for your
Your affection
Baby my body is open for your
Your affection
Baby my body's open for

Don't need exaggeratin'
I'm just sayin' that your body's
Speaking in cursive
Let my tongue write on that

I get infatuated by
The way you caressin'
My heart by your presence
Am I outta' my mind baby

I gotchu
On my mind
Valentine
Baby my body's open
So why don't you do
Me some time
Read the lines

When it rains on my body
I'm yours (woahh)
When it rains on my body
I'm yours

Your pace
My place
We start
When the dawn ends

Don't say
My name
You'll miss me

In your sleep, yeah

Your pace

My place

We start

When the dawn ends

Don't say

My name

You'll miss me

In your sleep
