

Lullaby

Arthur Nery

Hmm...

Ohh...

Listen

Living for your every giggle
Love on the table
Come spend your day with me
I swear baby oh we'll be alright

Let's keep it simple
Kisses and cuddles
Showered on you babe
Oh my love is physical
And insane

(Ooh) Take your time preparin'
When we date it's always your day
(Ooh) Breakin' defenses and I like it
So let's have it your way

Oh love your voice has been my lullaby
The only reason I could sleep through the night
I love you even if I try to hide
Your beauty is better
Than what words could describe
This ain't no mistake
Baby I promise you you'll always be safe

Baradum dum dum
Baradum dum dudum
Baradum baradum...

Baby I wanna take my time with you
Learn you from end to start
And see your point of view
You know all my faults
And still love me the same
You tell me that I'm not made by my mistakes

Take your time preparin'
When we date it's always your day
Ooh you dominate it and I like it
So let's have it your way

Oh love your voice has been my lullaby
The only reason I could sleep through the night
I love you even if I try to hide
Your beauty is better
Than what words could describe
This ain't no mistake
Baby I promise you will always be safe

Baradum dum dum
Baradum dum dudum
Baradum baradum...

Baradum dum dum

Baradum dum dudum
Baradum baradum...
