

# Calling All Kids

Arthur Russell

Calling all kids, calling all kids  
Calling all kids, calling all kids  
Calling all kids, calling all kids  
Calling all kids, calling all kids  
Entering binocular mode

Calling all kids, calling all kids  
Calling all kids, calling all kids  
Grown-ups are crazy, crazy, crazy  
Crazy, crazy, crazy, crazy  
Crazy, crazy, crazy, crazy

I just got out of the seat  
Where the roller coaster comes to a stop  
Now I'm on the metal  
While the roller coaster comes to a stop

The steps of steel  
I'm going, going out to the field  
The sea of grass  
Rocking dead eye, kiss me at last

I will wait, wait for the sun, fun, fun  
Come and kiss me  
The sea of grass  
Rocking dead eye, kiss me at last

I feel like I'm in love with half the world at first sight  
I feel alright, I got a rocket, rocket on sight  
Calling all kids, calling all kids  
Calling all kids, calling all kids  
Grown-ups are crazy, crazy

I want to stand, I want to stand  
I, I woke up  
While being kissed  
While being in the maze of feeling and touch  
I can see the cars  
Kids

I will wait, wait for the sun  
It's gonna kiss me  
I, I will wait, wait for the sun  
The sun to find  
The sun don't know  
It's gonna kiss me

I, I will wait, wait for the sun  
The sun to find  
The sun don't know  
It's gonna kiss me

The steps of steel  
I'm going, going out to the field  
For me it's right  
In love with half the world at first sight

I feel alright, I got a rocket, rocket on sight  
I, I will wait, wait for the sun to come and kiss me

I, I will wait, wait for the sun  
The sun to find  
The sun don't know  
It's gonna kiss me

I, I will wait, wait for the sun  
The sun to find  
The sun don't know  
Calling all kids, calling all kids  
It's gonna kiss me  
Calling all kids, calling all kids

I, I will wait, wait for the sun  
Calling all kids, calling all kids  
Say it, say it, say it, say it, say it  
Calling all kids, calling all kids  
The sun is smiling again  
Say it, say it, say it, say it, say it  
Calling all kids, calling all kids  
The sun is smiling again  
Say it, say it, say it, say it, say it  
Calling all kids, calling all kids  
The sun is smiling again  
Grown-ups are crazy  
Say it, say it, say it, say it, say it  
Calling all kids, calling all kids  
The sun is smiling again  
Say it, say it, say it, say it, say it  
Calling all kids, calling all kids  
The sun is smiling again

Calling all kids, calling all kids  
Entering binocular mode  
Say it, say it, say it  
Grown-ups are crazy, crazy, crazy
