

Braver Love

Arty

See me
In the darkness we found love
Were bound to be
Made a promise to ourselves
Be braver
Than twenty million soldiers in the world tonight
The timing
The feeling
Are we ever gonna be here again

How do you know
How do you know
If were ever gonna be here again
How do you know
How do you know
If were ever gonna be here again
The timing
The feeling
Are we ever gonna be here again
I found you
I need to know
Am I ever gonna see you again
Am I ever gonna see you again
Am I ever gonna see you again

Stay with me
Underneath these neon lights
Two hearts beat
As we watch our worlds collide
Be braver
Than twenty million soldiers in the world tonight
The timing
The feeling
Are we ever gonna be here again

How do you know
How do you know
If were ever gonna be here again
How do you know
How do you know
If were ever gonna be here again
The timing
The feeling
Are we ever gonna be here again
I found you
I need to know
Am I ever gonna see you again
Am I ever gonna see you again
Are we ever gonna be here again

How do you know
How do you know
If were ever gonna be here again
How do you know
How do you know
If were ever gonna be here again
The timing

The feeling
Are we ever gonna be here again
I found you
I need to know
Am I ever gonna see you again
