

Falling Down

Arty

Falling into circles (in the circles)
I am slowly losing my mind now (my mind now)
I won't, I won't ask for help
'Cause I like, I like the falling down

And take my heart now, like you promised (like you promised)
Don't bring it back until you fix it ('till you fix it)
Because I don't, I don't need help
'Cause I like, I like the falling down

Can we walk on by?

Growing older as the days pass (as the days pass)
My love has come for me at last (at last)
I know, I know I need help
But I like, I like the falling down

'Cause I don't, I don't need help
'Cause I like, I like the falling down
'Cause I don't, I don't need help
'Cause I like, I like the falling down
