

Feels So Good

Arty

Sick of you stressing me out
Hand sweaty, got my heart going "pow, pow"
Turning the tables around
Getting off your rollercoaster ride now
Yeah, I'm so done overthinking this
'Cause it's no fun what I'm dealing with
Sick of you stressing me out
I'm turning the tables around
Listen

'Cause I don't give a fuck and it feels so good
Yeah, it feels so
I don't give a fuck and it feels so good
Yeah, it feels so
Throwing deuces up while I fill my cup
Bet you never thought I could
'Cause I don't give a fuck and it feels so good

Yeah, it feels so good
Yeah, it feels so good
Yeah, it feels so good
'Cause I don't give a fuck and it feels so good

It goes down, I can finally breathe
Keep calling at my phone, I'mma let it ring
This ain't the trouble I need
Now you're talking all sweet tryna get to me
But I'm so done overthinking this
It's no fun what I'm dealing with
I can finally breathe
Call me up and I'mma let it ring
Listen

'Cause I don't give a fuck and it feels so good
Yeah, it feels so
I don't give a fuck and it feels so good
Yeah, it feels so
Throwing deuces up while I fill my cup
Bet you never thought I could
'Cause I don't give a fuck and it feels so good

Yeah, it feels so good
Yeah, it feels so good
Yeah, it feels so good
'Cause I don't give a fuck and it feels so good

Say what you wanna say
Do what you wanna do
Say what you wanna say
Do what you wanna do
Say what you wanna say
Do what you wanna do
Say what you wanna say
Do what you wanna do

'Cause I don't give a fuck and it feels so good
Yeah, it feels so good

Yeah, it feels so good

Yeah, it feels so good

'Cause I don't give a fuck and it feels so good
