

Jump

Arty

My imagination
You got it running wild
It's not a new sensation
But this time I'm going blind

I was looking for something
For someone in my life
But I am running out of patience
Cause I need you to speak your mind

Could it be me
You're dreaming of
Cause I can't get
Can't get enough

Could it be me
You're dreaming of
Cause I can't get
Can't get enough

So take the

So take the jump

Could it be me
You're dreaming of
Cause I can't get
Can't get enough

Could it be me
You're dreaming of
Cause I can't get
Can't get enough

Could it be me
You're dreaming of
Cause I can't get
Can't get enough

Could it be me
You're dreaming of
Cause I can't get
Can't get enough

So take the jump

So take the jump

Could it be me
You're dreaming of
Cause I can't get
Can't get enough

So take the jump
