

Live For

Arty

Easy come easy go
These days keep changin'
I just wanna slow down

I been out on my own
The sky keeps rainin'
A long way from home now

I don't know why I tried to find
Happy in a different life
When chasin' stars can make you blind
I've always had what I needed

What I got right now
There's nothin' else I would live for
When I look around
There's nothin' else I could ask for

All of these pictures
Up on the wall
They're takin' me back
And showin' how far I've come

What I got right now
There's nothin' else I would live for
Live for

I got lost I got lost
In far off places
Waitin' for somethin'

Up and down
Losin' count
Of all these faces
Like it didn't mean nothin'

I don't know why I tried to find
Happy in a different life
When chasin' stars can make you blind
I've always had what I needed

What I got right now
There's nothin' else I would live for
When I look around
There's nothin' else I could ask for

All of these pictures
Up on the wall
They're takin' me back
And showin' how far I've come

What I got right now
There's nothin' else I would live for
Live for
