I can't stop you
If you want to go, go
Can't force you to feel love

When I'm in tears
I miss you so

Don't break into my heart
Go and don't come back
Back and feels to love me
And make me, make me

Don't break into my heart
Go and don't come back
Back and feels to love me
And make me, make me

Don't break into my heart
Go and don't come back
Back and feels to love me
And make me, make me

Don't break into my heart
Go and don't come back
Back and feels to love me
And make me, make me

Don't break into my heart
Go and don't come back
Back and feels to love me
And make me, make me
