

Thousand Lives

Arty

I know we just can't just put the world on hold
I know I'm gonna have to let you go

Oh I wish we can stay in this moment
And I wish it would never end
And I wish we could feel this paradise
Every night

And I wish time could be frozen
In the stream we're living in
I wish we had a thousand lives to live this night
All over again
All over again
All over again
All over again
All over

All over
All over again
All over
All over

Sometimes love has to find another way
I just hope the pictures in my mind won't fade

Oh I wish we can stay in this moment
And I wish it would never end
And I wish we could feel this paradise
Every night

And I wish time could be frozen
In the stream we're living in
I wish we had a thousand lives to live this night
All over again
All over again
All over
All over

All over
All over again
All over
All over again
