

# Where Have You Been

A arty

I was chasing shadows in the dark  
Walking with my head down, went too far  
I was on the wrong side from the start  
Till you came around  
Till you came around

You stole this hometown heart  
You took me places  
Showed me it's not hard

Where have you been  
I was trying to carry on  
But the moment that I saw you  
I knew what I missed  
Never thought I'd find it  
Then I saw it in your eyes

Where have you, where have you been?  
Where have you been?  
Where have you been?  
I knew what I missed  
Where have you, where have you been?

Give me something to believe in  
Give me heart  
Holding onto me like we've never scarred  
Think I found my reason in the stars  
When you came around  
When you came around

You stole this hometown heart  
You took me places, showed me it's not hard

Where have you been?  
I was trying to carry on  
But the moment that I saw you  
I knew what I missed  
Never thought I'd find it  
Then I saw it in your eyes

Where have you, where have you been?  
I knew what I missed  
When I saw it in your eyes

Where have you, where have you been?  
Where have you been?  
Where have you been?  
I knew what I missed  
Never thought I'd find it  
Then I saw it in your eyes  
Where have you, where have you been?
