

# Young Again

Arty

This summertime just flew by  
Like airplanes in the sky  
Can't freeze this moment  
If I could, if I could I'd hold on to it  
This lifetime just goes by  
Like cars on roads up high  
Can't freeze this moment  
If I could, if I could I know we'd own it

There's never gonna be a last time  
Even if in comes a landslide  
We'll keep goin on  
Yeah we'll keep goin on

We're only gonna have the good times  
Even if in comes a landslide  
We'll keep movin on  
Don't lose it all  
Don't lose it all  
We'll be young again  
Just give it all  
Just give it all  
And we'll be young again  
Don't lose it all  
Don't lose it all  
We'll be young again  
Just give it all  
Just give it all  
And we'll be young again  
And we'll be young again

We're only gonna have the good times  
Even if in comes a landslide  
We'll keep movin on  
Don't lose it all  
Don't lose it all  
We'll be young again  
Just give it all  
Just give it all  
And we'll be young again  
Don't lose it all  
Don't lose it all  
We'll be young again  
Just give it all  
Just give it all  
And we'll be young again  
And we'll be young again
