

## Ruined Castle

Arven

Deep in the forest lies  
a castle ruined by time  
It's stones lay there  
as the centuries went by  
If they could speak they  
would tell a traveller  
Stories from long passed days  
of battles and of feasts

Among this walls there  
once has been life  
Babies were bought into  
the world abd old men died

Characters from ancient past  
Awake up in my fantasy  
Mighty kings and noble knights  
Come to life once more

From far away I hear a sound  
it appears to me  
That in a minute a hunt with  
horses and hounds will ride back in

Characters from ancient past  
Awake up in my fantasy  
Mighty kings and noble knights  
Come to life once more

Characters from ancient past  
Awake up in my fantasy  
Mighty kings and noble knights  
Come to life once more

All this dreamy fantasy  
Makes me fall asleep  
And another day has passed  
How the time flies
