

Candyland

Aryia

Heart and head are sitting in the silence
Mixing pills and puking out my eyelids
Heart and head are sitting in the silence
Mixing pills and puking out my eyelids

Men are trash
They say they love romance
The lies that they tell you
To get in your pants
And girls
Are sluts
Walking around with their butts
They manipulate and take all
The feelings you have

Somewhere over the justice rainbow
Lies a judge who has your case closed
I'm offended you're the scapegoat
The world's too much for me to handle
Can't you see I'm trying to fix it
Self obsessed
No one cares how you feel

I don't belong here (I'm not who I wanna be)
I don't belong here (I'm not who I wanna be)
I don't belong here (I don't belong)
I don't belong

Wow, what is this place?
"Well young man, you're in candyland"

I'm sick of romance
But just take my hand
Angelina
Put your phone away
Who needs likes anyway
When you don't like who you are
The world will break your precious heart
I'll throw you a bone
If you leave me alone
Angelina
Cause I'm such a dick
And you're such a bitch
Oh Angelina
Expensive and Gloom
I'll take you up on that room
In California
Where nothing's what it seems
Assassinate your dreams
Oh California
Poetic irony
Because now I can see
How bad I need ya
You're stuck in a dream
Where nothing's what it seems

Oh Angelina

Heart and head are sitting in the silence
Mixing pills and puking out my eyelids
Heart and head are sitting in the silence
Mixing pills and puking out my eyelids

We look so goals with our antisocial media
That's made us so much needier
That we'll kill for attention
You look so bold with your insta model diet
Starvation cage-free cigarettes (I hate you)
I know you hate me

Somewhere over the justice rainbow
Lies a judge who has your case closed
I'm offended you're the scapegoat
The world's too much for me to handle
Can't you see I'm trying to fix it

Somewhere (I don't belong here)
Over the justice rainbow
Lies a judge who has your (I don't belong here)
Case closed
I'm offended you're the scapegoat
The world's too (I don't belong here)
Much for me to handle
Can't you see I'm trying (I don't belong)
To fix it

I don't belong here
I don't belong
