Bad Vibes come round here no more
I'm letting go, and I can't save you anymore
You are my drug, you're a habit
Got me too high, your a bad trip
Not one to believe in magic, but you made my heart vanish

So change my mind (ya, ya)
Don't waste my time
One day you'll be someone who
Might just be a better version of you

Bad Vibes come round here no more
Cutting you out, was one of the best choices I ever made
By the way your friends they kinda suck, Yeah
You don't really seem to give a fuck, No
About anything or anyone, So
I don't really want to deal with you anymore, So

So change my mind (ya, ya)
Don't waste my time
One day you'll be someone who
Might just be a better version of you

So change my mind (ya, ya)
We're losing light
One day you'll be someone who
Might just be a better version of you

Bad Vibes come round here no more

You are my drug, you're a habit
Got me too high, your a bad trip
Not one to believe in magic, but you made my heart vanish

I don't wanna be all the people that hurt me
Returning to someone that doesn't deserve me
Relationships just weren't working
It doesn't mean that I'm worthy

I don't wanna be all the people that hurt me
Returning to someone that doesn't deserve me
Relationships just weren't working
(I know I'm worthy)

So change my mind (ya, ya)
Don't waste my time
One day you'll be someone who
Might just be a better version of

So change my mind (ya, ya)
We're losing light
One day you'll meet someone who
Might just be a better version of you (me)
