

I'll do you like my dirty laundry  
I'll treat you lie a toy so I can brag to all the boys  
Bout how I never get lonely  
I'm thinkin through the day about how I'm getting laid  
I'll get you hot and bothered  
I'll bring you to a boil, then I'll dump you in the soil  
You'll never find another  
Who gets you off in bed like how I always did

I'm depressed, but still lit  
Painted nails, fuck your bitch  
Used to be the sad boy, now I'm happy that I live  
If you wanna talk about respect  
You get what you give  
Least I didn't get paid 500 bucks to suck a- (woo)  
Lately I've just been bored  
Cause I'm sober and alone, I just need someone to hold  
Got a couple issues buried deep down  
They're covered up in sin, but they're only paper thin  
I wanna close my eyes, go somewhere far away  
To then, why does sixteen seem like such better days  
I try to hide the pain, that's why I get fucked up  
Catch me at the club like yeah, yeah, yeah

My instincts get the best of me  
Sometimes I feel like God is testing me  
The self will run riot, I'm run by design, oh  
Shadada, uh, oh, shadada, uh, oh, shadada, uh oh  
Shadada, uh, oh, shadada, uh, oh, shadada, uh oh  
Whadadadada, whadadadada, whadadadada, whadadadada  
Oh, shadada, uh, oh, shadada, uh, oh, shadada, uh oh

I'll do you like my dirty laundry  
I'll treat you lie a toy so I can brag to all the boys  
Bout how I never get lonely  
I'm thinkin through the day about how I'm getting laid  
I'll get you hot and bothered  
I'll bring you to a boil, then I'll dump you in the soil  
You'll never find another  
Who gets you off in bed like how I always did  
Like how I always did, like how I always did  
Like how I always did, how I always did
