

Trash

Aryia

Am I too fucked up to give a fuck? (Am I just too fucked up to give a fuck?)

Are you too fed up, am I enough? (Are you just too fed up, am I enough?)

I'm talking 'bout shit now I'm fillin' my cup
Tell me I'm better dead shut the fuck up (Shut the fuck up)
I hit you up, you don't call, I don't get through
Only come around when I don't wanna see you (See you)

You like boys that never like you back
And you get off when they treat you like trash
They treat you like-

And oh~
Nothings gonna be enough
And oh~
I think it's time, I'm giving up
I'm tired of not giving a fuck

You curse in the night when we break up
We kiss and we fuck and we make up
All the clouds in the sky say to wake up
Then the clouds rain on me, they're the same ones
Tell me why every time that I close off
You end up taking all of your clothes off
Tell me why every time that I close off
You end up taking all of your clothes off

You like boys that never like you back
And you get off when they treat you like trash
They treat you like-

And oh~
Nothings gonna be enough
And oh~
I think it's time, I'm giving up
I'm tired of not giving a fuck

And oh~
Nothings gonna be enough
And oh~
I think it's time, I'm giving up
I'm tired of not giving a fuck

You trace the tattoos on my skin, uh oh
You memorize each line with your caustic fingertips
I feel unloveable, I feel you in my soul
So come away with me to a place you'll never leave
