ARZ

I'm still tryna figure out on why I put my heart in  
We ain't meant to be but I Fuck with her regardless  
Even though I'm artist I ain't worried about charting  
Open views by the marshes  
You know my loves on hold but I keep her on the line  
I'm tryna trust shawty but she showing me signs  
Feel emotionally numb and I know it ain't alright  
Lemme know your ring size I'll keep that on my mind  
Fucking with my soul, fuck a soul tie  
Confessing my love in the notes app, all times  
When I'm down they ain't there, they only care when I rhyme  
Tequila shots with the lime  
I still care for niggas that I shouldn't  
I still fuck goodems  
She try cut me off but she couldn't  
I'ma come yours after I got stu in North Woolwich  
Bundles and zoots I'm pulling  
But I still pull through it

She wear in my Tech fleece  
Things between me and her is so tekky  
If I pull up it's political but she so sexy  
Henny to the brim but my love's on empty  
I'm flying out emirates don't turn into my enemy  
And if I said I'll stop music she ain't letting me  
That's my type  
We STK high on some high life  
Pack weighs 3.5 she like 5.5  
Yo my size  
I find it hard to manoeuvre in the limelight  
Will you be my outlet  
I hope that you see me for me and Clout ting  
I feel older than my age mentally I've been around things  
I watch my surroundings  
And when she done me wrong I shoul da done a get back but I allo  
wed it  
I hope that my fans are there whenever I announce things  
I roll a spliff and listen to the track before I bounce it
